2026 Guidance Fully Confirmed

(1) at constant scope & forex and excl. energy prices

(2) at constant scope & forex

(3) before Suez PPA

Unique positioning combining Resilience and Growth

Growth

- **International leader, 44 countries** on 5 continents
- **TOP 3 in Europe, Americas, Asia, Middle-East**
- **Technology & Innovation** 14 R&D centers, 5,000+ patents
- **Diversified customer base**, 50% municipal/ 50% Tertiary & Industries
- **Multi local delivery model**, anchored in local communities
- Unique offers **combining Waste/Water/ Energy**

Resilience

- **NO impact from Tariffs**
- **NO impact on margin rate from Forex** volatility, only translation
- **NO dependency on subsidies** or government contracts
- **Long term contracts** (average duration 11 years), 70% inflation **indexed**
- 85% **macro immune**
- **Commodities essentially pass-through**

Unique multi local positioning leading to limited Middle-East war impact

Limited Middle-East exposure

- **#1 priority: Staff Security**
- **2025 revenues: €1.3bn**
 - c.60% Water incl. desalination
 - c.30% Energy efficiency services in buildings (malls, airports...)
 - c.10% Waste notably Hazardous Waste Treatment for petrochemical complexes
- **Capital employed <1% of the Group's**
- **Minor impact for Veolia's results**
- **Limited disruptions in operations**
 - Small temporary cost overruns
 - Lower Hazardous Waste volumes (refineries)
 - Water Tech projects and Energy efficiency services slowdown

Overall resilience as demonstrated in 2022/24

- **Fuel cost inflation: globally pass through or slightly positive for Veolia**
 - 70% indexed contracts, pass through with some delay
 - 30% non indexed, with demonstrated pricing power
 - Mitigation measures: systematic fuel surcharge already in place, fuel procurement renegotiation with key suppliers, mileage optimisation
- **Potential economic slowdown: 85% macro immune**

Confirms resilient growth model

& mid term potential opportunities with our solutions to secure critical resources

Sustained demand for our services and technologies

Veolia: the Environmental security powerhouse

Sustained strong demand for critical needs

Protect Health and ecosystems

- Pollutants removal, remediation
- Hazardous Waste management
- Licence to operate for industries

Eg : BeyondPFAS

Eg : technologies to 'mine' rare minerals from waste

Secure Supply chain

- Water
- Critical minerals
- Local energy

Eg : produce local energy from alternative sources

Eg : technologies for sustainable supply of water (mining, data center cooling)

Secure essential services

- Drinking Water supply
- Waste and wastewater management

Eg : technologies for sustainable desalination

Eg : technologies to Reuse Wastewater
